

**REMARKS**

This responds to the outstanding Office Action and also includes a three month time extension and the form for an unintentionally Notice of Abandonment. In addition, the following arguments are presented in response to the Outstanding Action.

Claims 1 and 11 were amended without prejudice through the inclusion of Claims 5, and 16, respectively, therein.

The claims as amended referred to wax materials having a pour point below 20°C, i.e., about 68°F. It is submitted that none of the references cited by the Examiner teach the specific process nor the properties of the product as presently claimed. In light of these comments, a withdrawal of the rejections and a Notice of Allowance is respectfully requested.

Having filed the time extension, the notice of unintentional Notice of Abandonment, and the response to the Office Action with a non-prejudicial amendment of Claims 1 and 11 through the inclusion of Claims 5 and 16 respectfully, a Notice of Allowance is respectfully requested.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read 'A. Stephen Zavell', is written over a horizontal line.
